

MoodyMarine
certification for the marine environment

**Erzeugergemeinschaft der Hochsee - und Kutterfischer GmbH
German North Sea Saithe Trawl Fishery**

Marine Stewardship Council Certification

Certification Body: Moody Marine Ltd

Site Visit

Following consultation on the Performance Indicators and Scoring Guideposts to be used, this fishery is in the 'information gathering' stage of the assessment against the MSC *Principles and Criteria for Sustainable Fishing*. A key purpose of this stage is to collect information on the fishery.

Some stakeholders have already met with Moody Marine, but any remaining stakeholders are welcome to contact us to discuss this fishery. We expect to carry out meeting over the period **22-23 October 2007 in Hamburg**.

Should you have any information on this fishery that you feel should be considered in the assessment, please advise us. We will also be available over this period to meet with other stakeholders. If you would like to arrange a meeting, please advise us, by the date above, of:

- a) your name and contact details
- b) your association with the fishery
- c) the issues you would like to discuss (in order for us to arrange appropriate representation)
- d) where and when you would like to meet

We will then be in touch.

Should you wish to obtain further information on the Marine Stewardship Council, this is available on their web site at <http://www.msc.org>. As a certification body, Moody Marine Ltd has dispute resolution procedures available should these prove necessary.

Yours

Dr Andrew Hough
Lead Assessor
